ABOUT US

Color Plus Uitzendburo, member of the Wroko Group, consists of the following business units:

- **Color Plus Labor**
- **Color Plus Equipment & Parts**
- **Color Plus Training & Coaching**

COLOR PLUS UITZENDBURO, MEMBER OF THE WROKO GROUP

We are a Suriname based recruitment agency specialized in the supply of skilled labor for short and long term industrial and commercial projects. Supplying experienced tradesmen for the Petrochemical & Mining Industry is one of our specializations.

CORE VALUES AND WORK ETHICS

The time of lifetime employment is over. The focus is now on *lifetime employability*. We not only attract people to do the work of today but through coaching and training increase their value on the labor market of tomorrow.

Therefore we invest in our laborers career through a “bottom-up” training and coaching focusing on their employability on the labor market. Health & Safety, on time payment of our workers and transparency are some of our basic principles.

FOCUS ON LIFETIME EMPLOYABILITY

Our growing data bank of over 900 skilled craftsmen allows us to meet our client's requirements swiftly. We stick to our core values and expect the same from all our team members. New recruits follow a ‘bottom-up’ training process to ensure these principles are understood and fundamental to the working environment.

TRACK RECORD AND DATABASE

In our database we have 300 pipefitters, 200 Welders, 200 Industrial electricians and 200 Mechanics. We have a vast amount of laborers working on the Surgold Merian Project as above mentioned tradesmen. They are working on the construction of a gold mine. This is a joint venture of the G Mining Inc (Canadian Gold Mining Company and Suriname Gold Company LLC (Surgold). Previous projects we have participated in:

- **Staatsolie NV Refinery Expansion project, where we supplied workers for the fireproofing and dilatation project.**
- **Construction of the American Embassy in Suriname.**
- **Suralco Mill construction.**

CONTACT US FOR MORE INFORMATION

All our workers are well skilled and experienced. Through ongoing training and coaching we continuously improve our workforce vocational and communication skills.

Color Plus Recruitment Agency operates from his headquarter in Wanica, Suriname. This location provides an excellent catchment for available candidates who are then suitably screened, tested and assessed in line with both legislation and our client's requirements.
